ON-EAR, CLOSED-BACK HEADPHONES WITH 3D-AXIS FOLDING MECHANISM AND INTEGRATED VOLUME CONTROL – AVAILABLE IN EIGHT STYLISH COLORS

Ergonomically designed volume control

COMFORTABLE. PORTABLE. INCREDIBLE.

“[These headphones] not only look the business but deliver excellent audio too,” says *The Sunday Times* (of London). We agree. We’ve revamped our much-praised AKG® K430 on-ear headphones’ design to offer savvy listeners eight colors for a more stylish way to tune into their favorite music. An ingenious, 3D-Axis folding mechanism makes for easy traveling; an integrated volume control lets you alter the sound output without messing with your source device; and soft ear pads make extended listening experiences super comfortable. And with the headphones’ wide dynamic range, you’ll hear every nuance that your favorite tunes can offer.
